## **OIL PAINTING SUPPLY LIST** **For Beginner/Intermediate/Advance level**

Please read the following before you plan to buy the acrylic paints:

### **WHAT IS THE DIFFERENCE BETWEEN ARTIST GRADE/PROFESSIONAL PAINTS and STUDENT GRADE PAINTS:**

**THERE IS A BIG DIFFERENCE IN THE QUALITY OF THE COLOR BETWEEN ARTIST GRADE OR PROFESSIONAL PAINTS AND STUDENT GRADE PAINTS.**

**THE ARTIST QUALITY OR PROFESSIONAL PAINTS ARE MORE CONCENTRATED AND MUCH HIGHER IN PIGMENTS WITH VERY LESS BINDER. THAT IS WHY THEY LAST LONGER AND THE QUALITY IS SUPREME.**

**THE STUDENT QUALITY PAINTS ARE MIXED WITH LARGE AMOUNT OF BINDER AND VERY LESS AMOUNT OF PIGMENTS THAT IS WHY THEY ARE CHEAPER. ALSO, NOT ALL STUDENT QUALITY PAINTS USE LIGHTFAST PIGMENTS AND THE COLORS MAY FADE OVER TIME.**

**It is always better to buy the professional quality paints if you can afford.**

## BRUSHES

Please look for sable hair brushes. Avoid buying the hog hair. Buy both Filbert and Round set of brushes. You can also add Flat bushes if you like. See the links below or find something similar:

### Royal & Langnickel® Essentials™ Filbert 5 Piece Brush Set

You can choose the individual long handle brushes for watercolor or acrylic sable/synthetic-hair brushes (not oil paint hog hair brushes, they are too hard and rough), which are not hard and has nice soft feel. Rounded bushes should have a good pointed end. Buy good quality brushes. The good quality you use the better results you get. Don't buy the cheap brushes. You may buy following number brushes from the list below:

- Flat Brushes: 4, 10, 14, 18
- Round Brushes: 0, 2 and 6 round brushes
- Round "liner" brush (long bristle #2 or #3 number brush for fine lines)

Some other reasonable quality and economical brushes are Simply Simmons, Artist's Loft Roma, Soft grip, Zen.
